OUR FAMILY STORY

VERWIJS
SEAFOOD

Family Story

Founded in 1988 by John Verwijs, Verwijs Seafood was among the first to introduce exotic Indian Ocean fish to European markets, starting in Brussels and Paris. What began as a family business has grown into a trusted name in global seafood.

Who are we

With over 40 years of experience, a network of more than 100 sourcing partners, and a portfolio of 400+ premium seafood products, we combine traditional craftsmanship with modern processing, reliable logistics, and deep market knowledge.

What do we stand for

Our goal is simple: bringing the very best the sea has to offer to our customers. Quality, consistency, and care are at the heart of everything we do.

Today & Tomorrow

Today, Verwijs Seafood is a modern, global supplier with profound expertise in high-quality fish, sourced directly from the origin. Our brand new 30,000 m³ headquarters and warehouse in Rilland, strategically located between Antwerp and Rotterdam, reflect our ambition: service delivered with precision, care, and speed.

STAR PRIDE

WE HAVE THE SOURCE, YOU HAVE THE CUSTOMER

Star Pride
PREMIUM FROZEN SEAFOOD

We have the source, you have the customer

Star Pride stands for absolute top quality, offering premium products across multiple categories, including whole fish, steaks, fillets, shrimp and crab with exclusive sourcing where certain catches are specially fished for Verwijs Seafood in prime locations and not offered to other parties, ensuring full transparency towards our suppliers.

Production Excellence

At Verwijs Seafood, processing is carried out with precision and care, fast, efficient, and fully tailored to customer needs, as we portion and pack whole fish, fillets, and value-added products in a wide range of formats, from consumer retail packs to bulk for further processing.

Sustainability beyond certification

Our supply base spans a wide geographic region, from fishermen off the west coast of Africa, via the Arabian Peninsula and the Indian subcontinent to growers in Southeast Asia, and through long-standing relationships with trusted fisheries and farms, we focus on environmental stewardship, social responsibility by supporting local communities, and the protection of vital fishing areas.

SEAFOOD SOLUTIONS

VALUE ADDED

Production Excellence
At Verwijs Seafood, processing is carried out with precision and care. Fast, efficient, and fully tailored to customer needs, as we portion and pack whole fish, fillets, and value-added products in a wide range of formats, from consumer retail packs to bulk for further processing.

Precision portioning
Consistent, precise cuts tailored to customer specifications, ensuring optimal yield, performance and ease of use in professional kitchens.

Marinating
Carefully developed marinades and processing methods that enhance flavour while preserving texture, quality and the natural character of the fish.

Traditional Wood Smoked
With a dedicated partner, we offer traditionally wood-smoked fish, crafted with time-honoured techniques for authentic taste and premium quality.

Tailormade (PL)
Packaging Custom-designed branded packaging formats that protect freshness, extend shelf life and support efficient logistics.
