

Amare Group Redefines Quality and Innovation with Vanity 2.0 at METSTRADE 2025

Amsterdam, November 2025 — Amare Group proudly announces the debut of **Vanity 2.0**, a new benchmark in gangway design that embodies the company's ongoing commitment to innovation, functionality, and elegance.

The **Vanity 2.0** is a **lightweight gangway** designed with refined, minimalist aesthetics and an **exceptionally wide walkway** — offering greater comfort and safety than the market average. The model also comes in a **hybrid version**, combining cutting-edge materials and technology for enhanced performance and sustainability.

Visitors to **METSTRADE 2025** can experience Vanity 2.0 firsthand at **booth 03.345**, alongside Amare Group's latest marine innovations, including the complete **Eclipse porthole range**, the new **Infinity MCA series** without storm shutter, and a selection of **exclusive Superyacht Portholes**.

In addition, Amare Group will be featured among the industry's leading innovators at the **International Boat Industry (IBI) Boat Builder Awards** on **November 19**, where its **Amy tender** is a **finalist for Design Innovation**.

With Vanity 2.0, Amare Group once again proves its dedication to redefining Quality, Design, and Technology in the marine sector.

Visit us at METSTRADE 2025, booth 03.445 — and experience the Next Evolution of Elegance on board.
