

THE **RESCUE** TEAMS PARTNER

WIP is proud to support and equip surf rescue teams with high-tech dedicated protection line.

Big wave surfing would not be possible without those rescue angels looking over surfers' lives.

HEAD SAFETY

X-OVER RESCUE

The ultimate protection for rescue professionals

- . Protection of emergency services personnel assigned to or involved in surface water search and rescue operations.
- . High visibility shell + Reflective stickers
- . Full face / Half face visor
- . Side plate to adapt Ear protection, Side torch and Goggles.
