科茂股份

# Company Introduction

Guangdong Komo Group Co., Ltd., established in 2004, focuses on the R&D, production, and sales of pine chemicals, and currently controls over 10 subsidiaries. As a key contributor to China's national standards for the rosin industry, Komo has ranked among the top in domestic rosin resin production and sales for many years, with an average market share exceeding 25%. It is one of China's leading and the world's major suppliers of deep-processed rosin products.
