

## **Furl-Fix® – ultracompact furling stanchionblock**

**We proudly present our new upcoming Furl-Fix® ultracompact stanchionblock – a groundbreaking innovation in two versions: Glassfiber reinforced nylon or Furl-Fix® STS made of 316 A4 acid-resistant Stainless Steel!!**

Furl-Fix® is a small, robust stanchionblock for your boat. Developed by a Danish sailor, manufactured in Denmark and Sweden, and compatible with all furling systems as well as Code Zero and gennaker furlers.

### **Furl-Fix® benefits:**

- ✓ **Safety** – Keeps ropes clear of the deck, so you don't fall or kick to the block.
- ✓ **Space-saving** – Extends only **2 cm** from the outside of the stanchion.
- ✓ **Minimal friction** – No ball bearings, almost maintenance-free.
- ✓ **Durable** – Made of UV-resistant, fiberglass-reinforced nylon. Will also be available in a special Furl-Fix® STS version made of 316 A4 acid-resistant stainless steel.
- ✓ **Easy cleaning** – Makes it easy to clean your deck.
- ✓ **Flexible** – Can be mounted singly or in pairs. Fits:
  - Nylon version for Ø25 mm stanchions. Furl-Fix® STS for Ø25mm and Ø32mm stanchions.
  - Lines up to Ø12 mm
- ✓ **Easy installation:** Remove the stanchion from the bottom. Install Furl-Fix with the stanchion through the hole in the middle and tighten the pinion screw – ready to go! Can also be installed by loosening the lifelines and slid in place from the top of the stanchion.
- ✓ **Best price:** Best value on the market. Furl-Fix® nylon MSRP 24,00 Euros for a 2-pack. Furl-Fix® STS MSRP 54,00 Euros each/pc.

**Contents:** 2 x Furl-Fix - available in black and white (nylon). Furl-Fix® STS packed 1 pc/pack.

Furl-Fix® will be available by the end of November 2026. Email us if you want our availability email notification.

Furl-Fix® is so new that it is not yet on our website!
