The entire C4S product range:

Crazy4Sailing stands for sailing clothing that not only provides reliable protection, but also impresses with its style and innovative ideas. **Our home is Hamburg!** This is where we develop well thought-out concepts, high quality and products that reflect our passion for sailing. Whether for a leisurely holiday cruise along the coast, ambitious regatta sailing or challenging offshore passages: We have the right gear for all water sports enthusiasts!

Crazy4Sailing - from sailors for sailors

The passion for sailing and water sports in general is shared by Yachticon Managing Director Oliver Nagel and the entire Crazy4Sailing team. **Coupled with more than 40 years of experience in the sailing and clothing industry**, the Crazy4Sailing brand has been creating collections that can compete with the big names in the industry since 2016. **We know what sailors really need and use our products ourselves on the water.** Whether it's a regatta, family trip or ocean adventure - we set new standards because we combine performance, comfort and style in all our products.

Suitable sailing gear for all sailors

The three collections of sailwear - Stavanger II, Bergen II and Halifax - form the centrepiece of our sailing clothing. They cover all requirements - from relaxed inland and coastal sailing to ambitious regatta and offshore sailing. In short: the right range of sailing gear for every water sports enthusiast!

With a **water column of 30,000mm** and a breathability of 10,000g/sqm/24h, **STAVANGER II** is the ideal functional clothing for offshore and ocean sailors who have to withstand extreme weather conditions.

BERGEN II is ideal for **coastal and offshore sailors** who want to rely on robust and weatherproof sailing clothing.

For moderate weather conditions, **coastal sailors** reach for our **HALIFAX coastal gear**. The lightweight functional clothing with a water column of **10,000mm** and a breathability of 5,000g/sqm/24h is suitable for the whole family and is also available in **children's sizes**.

In addition to wet weather gear, we offer an **extensive range of functional sailing clothing and accessories**. This includes base layers, T-shirts and hoodies, swimming trunks, gloves, sea boots and life jackets. Each item is developed with the same **attention to detail** as our sailwear collections.

As no two bodies are the same, we have created a **special size programme** in addition to our normal sailing clothing. With wide cuts for people of a larger build, different lengths and fits. This means that **every sailor will find the right clothing** at Crazy4Sailing.

**For all requirements and the highest demands.
From sailors for sailors!**

Individual designs - personalised printing of sailwear

For employees, crews, sailing clubs or the entire company - the **customised printed clothing** from Crazy4Sailing ensures a flawless, uniform appearance. The high-quality sailing clothing combined with a durable and waterproof print is ideal for anyone who is out and about on the water.

For high-quality personalisation, you can choose between **durable DTF transfer printing** and **professional embroidery**. This allows jackets, polo shirts, hoodies and many other items of clothing to be customised with logos, names or slogans - **as desired and in line with the corporate design**.

The desired look can be created quickly and easily in the Crazy4Sailing **online configurator**:

- Choose product
- Select up to five print areas
- Customise each print area with text or logo
- Check print preview and order.

Whether you need **individual items** or for **large teams** - Crazy4Sailing has the perfect equipment and personalisation for your crew!

The personalised sailing and workwear is:

- Weatherproof, colourfast and washable
- Robust and durable - perfect for everyday use
- Available in various sizes and models

Enquire now and get **personal advice** or design **directly in the configurator!** You receive **attractive quantity discounts** for bulk orders!

The special sizes from C4S

A sailing trip can quickly turn into torture for sailors if the wet weather gear doesn't fit properly. As no two bodies are the same, but we at Crazy4Sailing want to have the ideal functional clothing available for all water sports enthusiasts, we have developed a range of special sizes.

The special sizes programme of functional sailing clothing is unique in this scope. It is based on our popular Bergen II offshore sailing gear, a real all-rounder for many sailing areas.

The different special sizes at a glance:

- Bergen II extra length: normal cut with longer arms/backlength/legs
- Bergen II PLUS: Wide sizes for men and women
- Bergen II 4-5XL: Extra wide for men
- Stavanger 3XL: For tall people up to 200cm tall
- Deck Trousers and Deck Shorts Extra Long

Bergen II extra length:

The extra-long Bergen II is available in standard sizes M and XL. It is aimed at slim, tall people.

BERGEN II JACKET	ARM LENGTH	BACK LENGTH
M	81,5 cm	82 cm
M Überlänge	85,5 cm	86 cm
XL	86,5 cm	86 cm
XL Überlänge	90,5 cm	90 cm

BERGEN II BIB TROUSERS	STEP LENGTHS	TOTAL SIDE LENGTHS
M	81,5 cm	82 cm
M Überlänge	85,5 cm	86 cm
XL	86,5 cm	86 cm
XL Überlänge	90,5 cm	90 cm

Bergen II 4-5XL:

Sizes 4-5 XL are aimed at men who have a larger body circumference and therefore require an extra-wide cut. We differentiate between two body sizes:

- The 4-5 XL short is cut extra wide for a normal body height.
- The 4-5 XL regular is extra wide for men up to 210/215cm tall.

The dimensions at a glance:

BERGEN II 4-5XL	REGULAR	SHORT
Jackets chest width	168 cm	168 cm
Jackets waist size	162 cm	162 cm
Arm length	91,5 cm	81,5 cm
Back length	94 cm	82 cm
Waist trouser width	141 - 148 cm	141 - 148 cm
Trouser width hip	154 cm	154 cm
Step length	94,5 cm	80,5 cm
Total length of trousers (measured sideways)	154,5 cm	128,5 cm

Bergen II PLUS:

The PLUS version of the popular Bergen II offshore gear is aimed at men and women with a normal body height but a larger hip or stomach circumference. Sizes range from S+ to XXL+. When choosing a size, the decisive factor is the hip circumference for women and the waist circumference for men!

Die Maße im Überblick:

BERGEN II PLUS	S+	M+	L+	XL+	XXL+
Chest width jacket	121 cm	127 cm	133 cm	139 cm	145 cm
Waist jacket	119 cm	125 cm	131 cm	137 cm	143 cm
Waist size jacket	125 cm	131 cm	137 cm	143 cm	149 cm
Arm length	73 cm	73,5 cm	78 cm	80,5 cm	80,5 cm
Back length	73 cm	75 cm	77 cm	79 cm	79 cm
Waist trouser width	107 - 115,5 cm	113 - 121,5 cm	119 - 127,5 cm	125 - 133,5 cm	131 - 139,5 cm
Trouser width hip	123 cm	129 cm	135 cm	141 cm	147 cm
Step length regular	82,5 cm	82,5 cm	82,5 cm	82,5 cm	82,5 cm
Step length short	77,5 cm	77,5 cm	77,5 cm	77,5 cm	77,5 cm

Other special sizes:

Stavanger II in 3XL: The Stavanger model has an overall slimmer cut than the Bergen II collection. The 3XL version is for slim people up to 200cm tall.

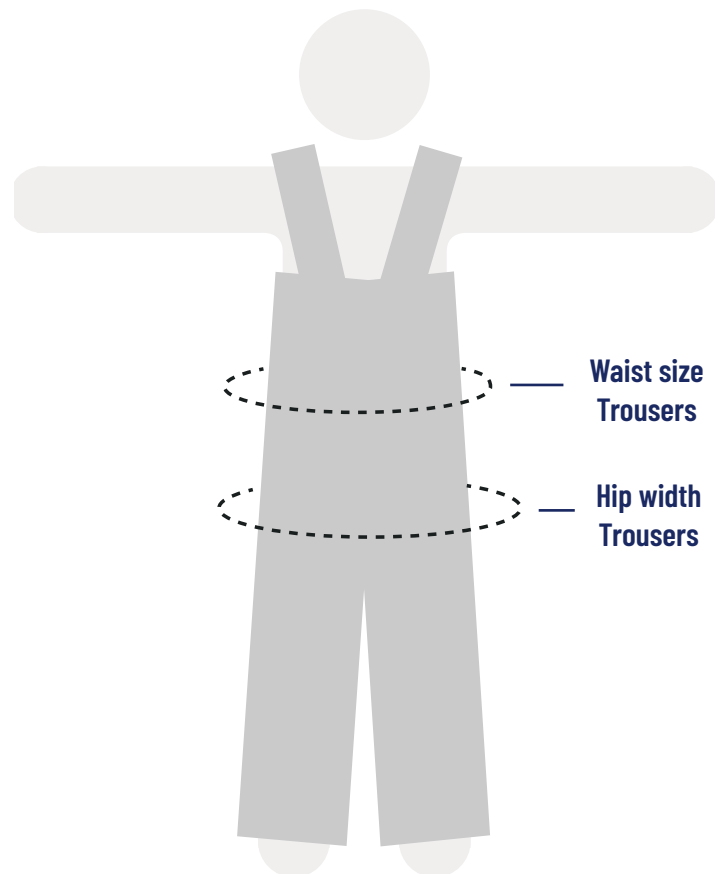

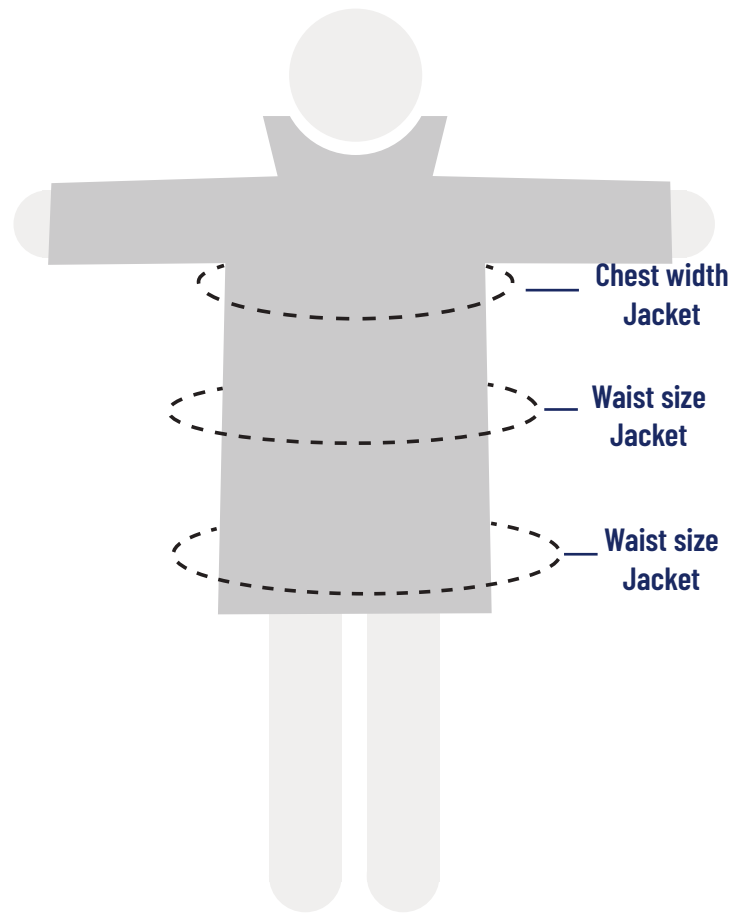

The dimensions at a glance:

	TOTAL LENGTH	STEP LENGTH	BODY SIZE
Stavanger II 3XL	146 cm	94,5 cm	bis 200 cm

Deck Trousers and Shorts: The comfortable deck trousers and shorts are available for people with long legs in sizes M and XL with extra length. These are labelled MT and XLT respectively. The difference in length to the regular length is 5cm.

The exact dimensions for comparison:

	BODY SIZE	JEANS SIZE	STEP LENGTH
M	175 - 183 cm	W 32	82 cm
MT	180 - 185 cm	W 32	87 cm
XL	185 - 188 cm	W 36	86 cm
XLT	190 - 196 cm	W 36	91 cm

Ocean sailing gear STAVANGER II

The **Stavanger II** Ocean sailing jacket and trousers offer ultimate protection and comfort at sea. The waterproof technology and robust design reliably protect sailors from the elements.

The **new gold-carbon design** for men is not only functional, but also fashionable. For maximum comfort and style at sea - with the **Stavanger II Ocean sailing gear**, water sports enthusiasts are equipped for any weather at sea.

Characteristics of Stavanger II:

- Ergonomic cut with various elasticated adjustments for an optimal fit
- Sophisticated details
- Made from quality materials
- Large reflectors and other reflective materials for increased visibility
- Water column 30,000mm, breathability 10,000g/sqm/24h
- Upper material: 100% polyamide, with PU coating
- Inner lining: 100% polyamide

Characteristics of the sailing jacket:

- High, adjustable and fleece-lined collar with pre-shaped 3D face mask
- Pre-moulded 3D face mask can be stowed in two positions: Stand-by and park position
- Fleece-lined heat pockets on the chest with YKK AquaGuard® zips
- Napoleon pocket with zip (under the storm flap, accessible when the front zip is closed)
- Inside of jacket with storage pocket and mobile phone pocket; inside and outside, nine pockets in total
- width-adjustable cuffs, additionally with adjustable neoprene cuffs on the inside as a water barrier
- three-way adjustable hood in neon yellow with sturdy peak and water drainage channel
- Abrasion-resistant, large-area reinforcement in the seat area
- Waist width adjustment; the elasticated drawstrings are accessible when the jacket is closed

Features of the sailing trousers:

- Elasticated fabric in the upper back area for comfort and flexibility
- Front zip covered with storm flap
- With inner bib
- Warming chest and stowage pockets with zips
- Large thigh storage pocket
- Elasticated width adjustments at the waist and leg cuffs
- Large reinforcements on knees and buttocks

The lightweight and breathable **C4S functional underwear** made from recycled COOLMAX® EcoMade fibres ensures effective moisture transport and quick drying. The material is soft, stretchy, temperature-regulating, odour-inhibiting and very comfortable to wear. Flat seams and raglan cuts ensure optimum freedom of movement. Ideal as a base layer on cold days.

Characteristics of the base layer:

- Super-light and stretchy fabric
- Soft and skin-friendly on the underside
- Smooth top for optimum comfort as a base layer
- Temperature-regulating thanks to faster heat distribution
- Odour-inhibiting, breathable, quick-drying
- Available in unisex sizes
- Materials: -89% polyester (made from 100% recycled PET bottles), 11% elastane

MID LAYER MICRO-FLEECE

The C4S **mid-layer** for men and women forms a warming intermediate layer made of fine micro fleece. It is very comfortable to wear and is light, fluffy and warm at the same time. The micro fleece is **breathable and quick-drying**.
Material: Micro fleece 180 g/sqm, 100% polyester

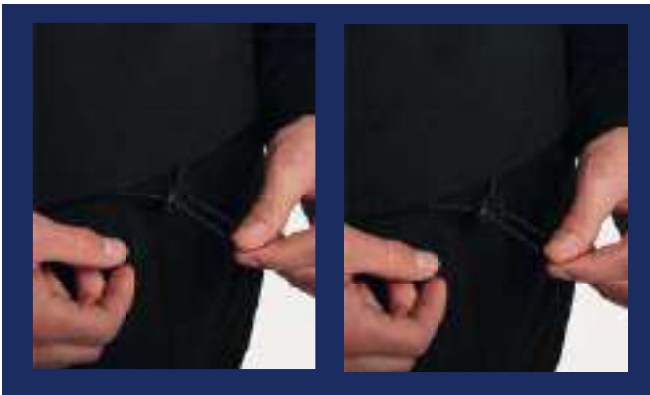

Features of the micro fleece jumper:

- Zip collar opening for easy pulling over
- Protective zip covers on the inside and as chin protection
- Warming, small stand-up collar, through which excess heat can be quickly vented using the zip
- Comfortable slip-on cuffs on the sleeves to adjust the length of the sleeves, as protection against the penetrating cold and as a 'pulse warmer'
- Waistband slit at the side for comfort

Features of the micro fleece trousers:

- Sewn-in elasticated waistband and additional elasticated drawstring with stopper
- Two slip pockets
- Leg openings without elasticated drawstrings but with Velcro tabs to adjust the width
- Leg length can be easily shortened
- Unisex sizes

Waterproof backpack PVC

The waterproof backpack made of sturdy VINYL (PVC) tarpaulin material is suitable for use in all weather conditions. The large, rollable opening allows for easy and waterproof loading, while the welded seams provide reliable protection. Padded shoulder straps and padding in the back area guarantee a high level of comfort. Two inner pockets provide secure storage for small items. Helmets and other items can be easily attached to the fastening loops, and a reflective strip ensures better visibility even in adverse weather conditions. Available in two sizes: 35L (H 65cm, W 35cm, D 21cm) and 55L (H 72cm, W 38cm, D 27cm).

Waterproof backpack PVC fabric

The waterproof backpack made of robust 2-layer material (polyester outside, PVC inside) is lightweight and pleasant to the touch. Waterproof, welded seams and a rollable opening reliably protect the contents. Adjustable, padded shoulder straps ensure comfort. If necessary, it can be compressed with straps and buckles around the circumference so that everything is securely fastened, even when there is little content. There is a splash-proof pocket on the outside, and a carrying handle makes it usable as a carry bag. Available in two sizes: 35L (H 65cm, W 35cm, D 21cm) and 55L (H 72cm, W 38cm, D 27cm).
