

MatGrip  
Backing

Adhesive  
Magnetic Base

## Secure

Magnetic backing reduces mat movement by 97%

## Stable

Reduce slip, trip, and fall risks in high-traffic environments by keeping mats firmly anchored

## Simple

Magnetic base is easy to install and remove with an adhesive that won't leave residue

MatGrip is an innovative, patent-pending magnetic backing system designed to keep mats securely in place. It ensures a stable walking surface in demanding environments while making maintenance effortless. It's the smartest way to secure mats without compromising safety or style.

Engineered to Hold

- **MatGrip® can be added as an accessory to:**
  - WaterHog
  - Classic MicroLuxx™
  - Classic MicroMix
  - Classic Solutions™
  - ColorStar®
  - ColorStar HD

## CLEANING INSTRUCTIONS

1. Leave in place during routine cleaning; sweep or mop around the base.
2. Avoid moisture and do not use floor scrubbers or harsh chemicals.
3. If removal is needed, clean and dry the floor completely before reapplying.
4. Reapply carefully, starting from the center and pressing outward to remove any trapped air.
5. Minimize removal to maintain long-term adhesion.
