BRUMOS AGRO

# BRUMOS AGRO

## Minerals that activate life and enhance every harvest

- UNLOCKS NUTRIENTS
- ACTIVATES MICROBIAL LIFE
- IMPROVES STRUCTURE
- PROMOTES ROOT DEVELOPMENT

NATURAL MINERALS

ACTIVATES MICROBIAL LIFE

IMPROVES ROOT DEVELOPMENT

COMPATIBLE WITH FERTIRIGATION

# SUBSTRATE LINE

MINERAL BIOSTIMULANT FOR GROWING MEDIA

Brumos AGRO Substrate Line is a natural mineral conditioner designed to improve the root environment in soilless crops. It supports plant growth, improves structure, boosts microbial activity, and enhances the physical and chemical properties of the substrate.

### ROOT DEVELOPMENT

Promotes stronger, healthier, and more branched roots.

### MICROBIAL ACTIVITY

Enhances biological balance and a more active environment.

### NATURAL MINERAL SUPPLY

A natural source of calcium, sulfur, and essential trace elements

### PHYSICAL-CHEMICAL IMPROVEMENT

Increases substrate water retention and buffering capacity.

### COMPATIBLE AND SAFE

Compatible with fertigation programs and commonly used products.

COCONUT COIR | PEAT | PERLITE | ROCKWOOL

**RECOMMENDED GRANULOMETRY**

20 – 200 microns (depending on substrate and crop)

**APPLICATIONS**

COCONUT CROPS | BERRIES | VEGETABLES IN SUBSTRATE | NURSERIES | ORNAMENTALS

**FROM MINE TO ROOT**

Minerals that transform potential into productivity

100% NATURAL MINERAL

NO RESIDUES NON-TOXIC

SUSTAINABLE AND RESPONSIBLE
