

AgiBot C5

Your Solution for Commercial & Industrial Cleaning
Intelligent commercial cleaning robot

Youtube

LinkedIn

Double-roller brush structure, vacuuming & scrubbing in one; high water volume and high scrubbing pressure, single-pass heavy stain removal

Laser - Vision fusion positioning, more reliable

Automatic Charging, Automatic Water Refill and Drainage, Self-cleaning Dirty Water Tank, Access Control and Elevator Linkage, Minimized Manual Intervention

Floor scrubbing width: 550 mm, theoretical debris removal efficiency: up to 1980 m²/h

The first dual-chamber squeegee design, less residual water in gaps and cleaner water absorption

Simple maintenance, with the industry's first self-cleaning dirty water tank, which reduces daily maintenance time by half

Side brushes close to the edge, re-cleaning for missing spots, closed-loop cleaning, cleaning every corner

High specification for selection, fan lifespan of 10000h with the minimum lifecycle cost

Parameters

AgiBot C5

Garbage collection rate

95%

Self-cleaning dirty water tank

4 min

Maximum efficiency

1980 m²/h

Lifespan of Fan

10000h

Floor scrubbing endurance

3h

Scrubbing width

550 mm

Machine weight

170 kg

Battery specification

24V 80 Ah

Overall noise

<68 db(A)

Extra large volume of water tank

90L

Scrubbing pressure

25 kg

Station

Water tank capacity

8L

Water filling speed

7-10 L/min

Dirty water discharging speed

10-15 L/min

Maximum power

1800W

Rated input voltage

200-240V

Application scenarios

Large supermarkets

Office buildings

Transportation hubs

Factories

Commercial complexes

Hospitals

Applicable Floor Types

Poured concrete pathway

Marble

Epoxy floor

PVC

Emery

Customer Support

Training Support

Custom tutorial videos on the Zhiding online learning platform

Response Speed

Rapid response within 0.5h

Value-Added Services

Regular inspection, extended warranty, consumable bundles, all-inclusive packages, and tailored solutions

Global Presence

Covers 150+ cities across China and reaches global markets

Initial Maintenance Policy

Initial maintenance for free
