

EVERCOR[®]

MARINE DECKING

A close-up photograph of Evercor flooring tiles. The tiles are a light brown color with dark, textured borders. A white corner piece is visible in the top left corner. The text "WHY EVERCOR®?" is overlaid in the center of the image.

WHY EVERCOR®?

EVERCOR® IS SOMETHING NEVER SEEN BEFORE IN THE NAUTICAL FLOORING MARKET. IT IS A COMPOSITE MATERIAL, THE UNION BETWEEN A NATURAL ELEMENT SUCH AS CORK AND ONE WITH ETERNAL PROPERTIES SUCH AS RUBBER. THIS INNOVATIVE PRODUCT COMBINES THE CHARACTERISTICS OF RESISTANCE AND DURABILITY OF A PLASTIC PRODUCT WITH THOSE OF THERMAL AND ACOUSTIC INSULATION OF CORK, ALSO EXPANDING THE CUSTOMIZATION POSSIBILITIES AVAILABLE.

THERMAL INSULATOR

CORK IS A HIGH-PERFORMANCE THERMAL AND SOUND INSULATOR. YOUR EVERCOR DECK WILL STAY COOL ON HOT SUMMER DAYS AND WILL ALSO PROTECT ANY INTERIOR SPACES UNDERNEATH IT FROM HEAT AND NOISE.

DURABILITY

WITH THE COMBINED SHOCK-ABSORBING PROPERTIES OF CORK AND RUBBER, EVERCOR IS UNMATCHED IN DURABILITY!

ECO FRIENDLY

THE UNION BETWEEN A RECYCLABLE AND ETERNAL MATERIAL LIKE RUBBER AND A NATURAL RENEWABLE MATERIAL THAT DOES NOT CAUSE DEFORESTATION LIKE CORK.

UNIQUE FEATURES

1 MAINTENANCE FREE
RESISTANT TO EVERYTHING. CLEAN IT WITH SOAP AND WATER, IF NECESSARY USING HIGH PRESSURE JETS.

2 ANTI-SKID
EVERCOR® HAS THE ABILITY TO INCREASE ITS GRIP WHEN WET. FOR THIS REASON YOU WILL NOT SLIP IN ANY CONDITION!

3 CUSTOM DESIGNS AND LOGOS
WITH EVERCOR® YOU CAN HAVE ANY TYPE OF CUSTOMIZATION.

ONE PRODUCT, MANY POSSIBILITIES

WE SUPPLY EVERCOR® IN VARIOUS THICKNESSES AND FINISHES

WE DO NOT LIMIT OURSELVES TO THE CLASSIC PRODUCT BUT WE HAVE SEVERAL ALTERNATIVES AVAILABLE TO SATISFY ANY TYPE OF CUSTOMER.

EVERCOR® 3,4MM DUAL LAYER WITH MILLED LINES

THE CLASSIC PRODUCT, THE MOST REQUESTED, MADE UP OF TWO THERMOFUSED LAYERS OF DIFFERENT COLORS. THE LINES ARE ENGRAVED WITH NUMERICAL CONTROL TO CREATE THE DESIGN REQUESTED BY THE CUSTOMER.

EVERCOR® SINGLE LAYER

SINGLE LAYER, DIFFERENT THICKNESSES. YOU CAN LEAVE THE EVERCOR SURFACE SMOOTH OR HAVE A CUSTOM FLOORING WITH LINES ENGRAVED BY NUMERICAL CONTROL AND THEN FILLED WITH A SPECIAL RESIN OF THE COLOR YOU WANT!

3,4MM

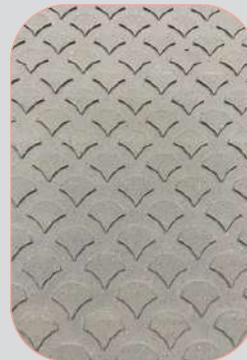

DOTS OR DIAMONDS

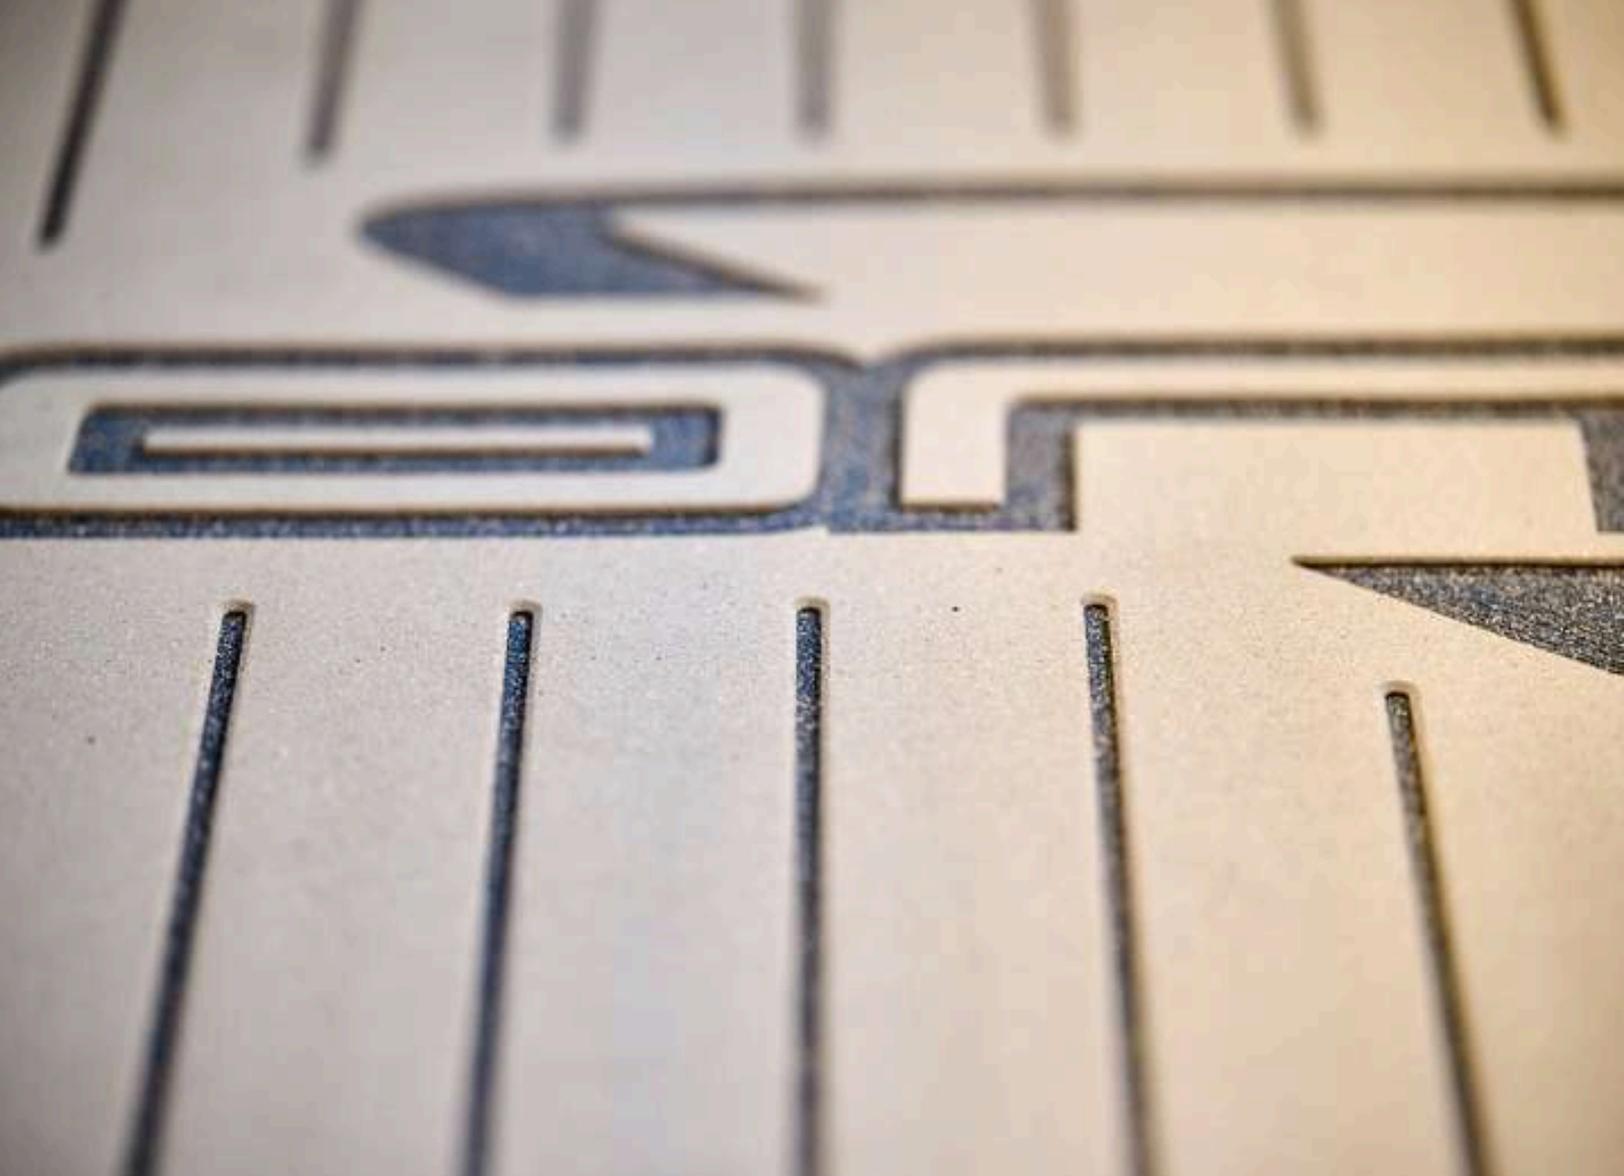

**ALSO AVAILABLE IN
"TEXTURED" VERSION
FOR NEVER SEEN
BEFORE ANTI-SLIP
PERFORMANCE**

FISH SCALE

TWO INSTALLATION POSSIBILITIES

BONDING WITH SINGLE-COMPONENT ADHESIVE

YOU CAN GLUE EVERCOR WITH OUR OFFICIAL GLUE, WHICH WILL GUARANTEE A PERFECT RESULT AND A LONG DURATION. THIS TYPE OF INSTALLATION IS SUITABLE FOR PEOPLE WITH GOOD MANUAL SKILLS AND PROFESSIONALS.

**“SPEED AND
PERFORMANCE”**

**“PROFESSIONALISM AND
DURABILITY”**

TESA ADHESIVE ON THE BOTTOM

WE CAN SUPPLY EVERCOR WITH A VERY POWERFUL TESA ADHESIVE ALREADY PLACED ON THE BACK OF THE MATERIAL. THIS WAY THE INSTALLATION WILL BE EASY AND FAST EVEN FOR THE LESS EXPERIENCED.
