WaterTech & Great Health: Huawei + Foxconn

Comprehensive service provider for all-domain water technology innovation solutions

A globally leading full-industry-chain water technology ecosystem group. It encompasses Jubei Mogan Mountain Base, Qianhai Base, Shunde & Nanjing Manufacturing Bases, plus nearly 100 ecological chain companies (specializing in special metal smelting, plastic products, filter materials, instruments, etc.) and 250,000 m² of smart manufacturing facilities. With 1,000+ patents, the group delivers full-industry-chain R&D and production for household, commercial and industrial water tech equipment. It serves 1,000+ world-renowned brands with product design & manufacturing, and provides customized drinking water equipment for top global catering & tea brands. Dubbed the "Huawei" and "Foxconn" in the water technology sector.

Purified water

Drinking water

Beverages

Pre-filter + under-sink purifier

Satisfy basic potability needs, guarantee drinking water safety and remove health risks.

Countertop+Ice maker

Meet the new demand for "great taste", optimize flavor, boost adaptability, and deliver a pleasant water experience.

Ai extraction machine + Ai tea capsules

Deliver the new experience of "superior drinking", pioneer the new era of "nutrition through drinking". It not only satisfies the taste buds but also upgrades health management, integrating flavor and nourishment to simplify health..

New Ways of Health

Drink instead of nourishing
natural good things

**AI Brewing TeaMaster
extraction machine**

Eight Core Technologies

恒聚智链集团
HENGJU INTELICORE GROUP

1 AI beverage Recognition

Each tea capsule's "key chip" enables instant dedicated extraction matching.

2 High-Pressure Multi-Frequency Extraction

Instant extract-serve, stable taste, efficient extraction.

3 Low-Hertz Small-Molecule Water Activation

Efficient Activation of Herbal Extracts

4 OTA 4G IoT

Remote data interaction & software updates;

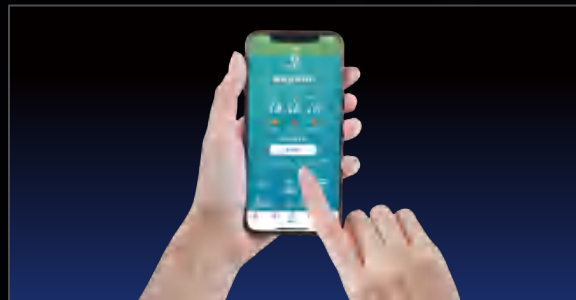

5 Blockchain Traceability & Anti-Counterfeiting

Full traceability (planting, processing, packaging); 100% independent anti-counterfeiting.

6 AI health management

Professional TCM AI engine: one-on-one constitution diagnosis, tailored health plans.

7 TDS Water Quality Testing

Real-time water quality monitoring: guard the "first line of health".

8 Non-contact extraction

Multi-drink quick switching, no-clean, multi-layer sealed freshness.

4-in-1 Professional Home Health Steward

AI Tea Expert

Nutrition/Taste/Temperature
Curves: precise calibration; taste
beats tea experts in human-
machine blind tests.

AI Nutrition Master

Ultra-high extraction rate, no
nutrient waste: morning omega-3
plant milk for kids, night ginseng-
polygonatum tea for you.
Intelligent crowd/time/scenario

AI TCM Master

TCM Congbao AI Brain: inherit
National TCM Masters' wisdom,
home-based "National TCM Clinic";
one-click health diagnosis &
wellness advice.;

AI Regimen Expert

QR tongue diagnosis: 60s 9
constitutions (yin/yang deficiency).
Yang deficiency→maca-mulberry
tea; damp-heat→euryale-fuling-
coix tea. Personalized targeted

此技术由聚倍集团与华润生命科学等权威机构的联合开发，获得众多专家教授的支持
