Our history

For more than 40 years...

Antal Srl
Via del Progresso 10
Padova (Italy)
(+39) 049 8701265
www.antal.it — antal@antal.it
VAT: IT00699000287

At the forefront of technological and functional sailing innovation, Antal is characterized by a know-how rooted in its corporate DNA and developed day by day with passion in the seas and regattas all over the world.

With a complete offer of more than 1000 sailboat equipment items and unlimited special project development capabilities, Antal offers itself as the solution to the deck plan of boats from 30 to 140 feet. Products are processed, assembled and tested directly in the historic factory in Padua every day, with passion.

Timeline

1950 → 1977

Originally a foundry in 1950, Carraro family's factory became metal toy producers in 1965, to go on to become Antal to follow their sailing passion in 1977.

1982 → 1985

Introduction of first powered and Maxi yacht winches, clutches and ball bearing cars. In the same year, Antal was selected as 'Team Azzurra' supplier.

1993 → 1995

Worldwide presentation of the smart halyards' holding system solution. First appearance of V-Grip clutches and mainsail system to equip Perini Navi.

2008 → 2010

Low Friction Ring was introduced to the market and revolutionized line-handling on sailboats forever. Antal developed Line Driver powered version.

2022 → future...

SectoRing and no-welding pad-eye phase in. The best is yet to come...

1979 → 1981

First marine hardware catalogue and first attendance at Genoa's Salone Nautico. Antal became a worldwide marine industry player.

1988 → 1992

Invention of the revolutionary Line Driver system and game changer Full Batten mainsail system. Early progress in CNC machinery and test laboratory.

2000 → 2005

Celebrating offshore sailing. Invention of W100 winch, Tulip sheaves and snatch blocks to race on Soldini's Fila and Groupama Orma 60 trimarans.

2015 → 2018

Pittman Innovation winner (2015) for Roller Cleat project. Grinder lightweight pedestal system production and Jammer clutch improvement.

Our compass

BE THE ONE.

Producing deck hardware for sailing boats is our core business on a global scale.

BE PASSIONATE.

We are an established source in the development & manufacturing of deck hardware for major international clients.

BE THE SOLUTION.

Production of high quality products and custom solutions for sailing boats. We are driven by customer needs focused through ad hoc meetings.

BE RESPECTFUL.

Sustainability has always been our hallmark. We take care over raw material selection, scrap recycling and environmental impact.

Ownership

Enrico Gomiero
He has extensive management experience in multinational companies, as well as technical and financial backgrounds.

Liviana Carraro
One of Antal's established partners and head of the company's sales department.

Renato Bruno
He gained entrepreneurial experience in international companies in sectors that complement Antal's activities.
